GENERAL INFORMATION

The Youth Championships are designed for young players aged 11 to 19. We warmly welcome national teams, regional selections as well as club teams. Above all, however, this international tournament is meant to offer young table tennis players the chance to get to know players of their age from other countries and to gain experience in international competition.

There are not many opportunities for young talents to take part in major international youth events if they didn't make the leap to a national team or country selection. Some of today's most successful players gained their first tournament experience in Linz.

The playing system of the Youth Championships ensures a maximum of individual games at their performance level for all players, including inexperienced and youngest players in categories from U11 to U19.
